As we step on to the battlefield, understand that the easy path has never been what God has laid in front of those he has chosen, but rather he chooses men ready-made for the arduous journey. Never again will we as a nation be able to just sit back and be left alone.

The battle is here and now, never will we be allowed to not be engaged, self-sufficient and rugged individuals working together to solve local problems without the overbearing hand of government. We must all be active, we must all work to take back our republic.

All solutions start with listening to and understanding the person asking for a solution, then providing solutions within conservative principles of governance. For representatives this is when you ask for the vote and deliver on your promise to the degree that you can.

Amen!

Trump is the greatest president of my lifetime, by far.

However, that doesn't mean that everything that comes out of his mouth is correct.

God's Word comes first, Constitution second... and then we weigh the actions of our election officials based upon that.

Talking with multiple Former and current Homicide Detectives on our team the lookout is the most important thing you'll see in a shooting. The fact that it didn't go out, and has never been released is very alarming to them. That's a major RED flag to Investigators. #SethRich

Talking with multiple Former and current Homicide Detectives on our team the lookout is the most important thing you'll see in a shooting. The fact that it didn't go out, and has never been released is very alarming to them. That's a major RED flag to Investigators. #SethRich

Hunter Biden used the n-word ("ni**a") multiple times in text messages with his lawyer.

Which makes sense considering his own father Joe Biden also used the n-word (ni**er") in a Senate hearing in 1985.

The spiritual birthright of the US is being attacked and hijacked by an unholy agreement of humanist, New Age & homosexual agenda. Syncretism is widespreading in America. Biblical Christianity is also mixed with hyper-individualism & consumerist materialism! This is saddened

Nevada is not having a audit. Democrats have a super majority. I don't know where ya'll keep getting this from. No,none of them have to even acknowledge a "maladministration affidavit". They don't have to comply.

Trump nudged the President of Montenegro aside at NATO Summit 2017 and the Fake News went apeshit. But the context was clear - America leads the pack. No matter what. Nobody walks ahead of the American President. That type of bold alpha male leadership kept us safe and respected.

Police said they are still searching for the suspected gunman. Chacon could only share a vague description at this time. He said the suspect may be a Black man with a "skinny" build and locs-style hair. A motive for the shooting is not yet known.

#Blackrock is outbidding the average American in the housing market. They're backed by the Federal Reserve. Meaning they're outbidding YOU with YOUR tax dollars. There is nothing "free enterprise" about that!

The Choice for Governor of Texas is Clear. I'm proud to endorse my good friend Chad Prather @WatchChad for the next Governor of Texas. No draconian mask mandates, less government, Texas and America First! http://Prather2022.com

For those supporting Abbott, you're supporting a RINO who literally put a Draconian Mask Mandate on your state for 10 months... Then took it off and wanted a pat on the back... Wake the hell up...

Uh,I'm very aware and awake. Most Texans worship the Bushes and Abbott. I've just been sharing the wonderful news about a few things that are important (such as the heart beat bill that passed) and border crisis. Abbott's last minute bs does get him a pass with me.

It took 2 notarized affidavits putting the State on notice for maladministration to get the audit ball rolling in Maricopa County...we dropped off 5 on Monday in Nevada, and I just certified mailed out 12 more today! We the People are demanding our state constitutional right for the State to prove to us through a forensic audit that our votes mattered in the last election! 🇺🇸

Who can tell me what movie this is from? It's one of my top 10 favorites!

"I was 12 going on 13 the first time I saw a dead human being. It happened in the summer of 1959-a long time ago, but only if you measure in terms of years. I was living in a small town in Oregon called Castle Rock. There were only twelve hundred and eighty-one people. But to me, it was the whole world."

The FBI has let my attorneys know that it is going to take "Decades" to produce the documents on Seth Rich they have, after claiming for four years they don't have any documents or that they never investigated his murder..

Juneteenth is soooo lame.
Democrats really need to stop trying to repackage segregation.

I'll be celebrating July 4th and July 4th only.

I'm American. 🇺🇸

Candace, black people especially in the south, have always celebrated the date of the emancipation proclamation (Juneteenth). There is nothing lame about that for without it you wouldn't be where you are today

Even with a close minority, we can defeat Democrats, if we are organized.

I'm so tired of hearing anything based off race. Democrats use minorities for power grabbing and minorities play victim to not work and get free shit. Good people of all races don't support this mentality.

Sounds to me like you're doing pretty well in life, devoid of any real world concerns, like providing for your family, if that's what you have to complain about.

Even if that makes your top 500 thing to complain about.

People get bored in advanced civilizations. There is nothing significant left to build, or contribute to. So people get bored and get new ideas about what else could be a discrimination and such. Its the pinnacle of civilization.

It just goes to show how far left the Democrats have gone!

Gee I wonder? Maybe the cops
If only there were videos showing how complicated they were.
Maybe even one with a cop stating "They told us, I don't agree with it but " and then he stands aside and allows a crowd passage
If there was something like that we could know.

Dear Libs,

Please do not claim to love this country while trying to turn it into a Socialist nation, shred the Constitution, open our borders, eliminate our history, destroy our values & poison the minds of the next generation.

Thus @DarrenJBeattie and Tucker Carlson DID NOT get the law wrong.

The confusion is due to the FBI's conduct in selective prosecutions and lack of transparency.

By the way this is BAR EXAM level of law. It's not remotely controversial.

My analysis is 100% accurate.

A and B join a conspiracy (Agreement + overt act in furtherance thereof)

B leaves the conspiracy by becoming an informant

B is liable for all acts done before affirmatively leaving conspiracy

Yes, B was part of the conspiracy *and is also* an informant

A and B cant form a conspiracy if *at the time of the agreement* B was an informant

However B could be part of a conspiracy *and* an informant by later leaving the conspiracy via affirmative act.

Yes it's possible that the same person is a co-conspirator and an informant.

There's nothing more despicable than when sports stars, musicians, and actors - who have gotten filthy rich in the USA - whine about how unfair our country is.

They're all too dumb to understand the hypocrisy and irony in their statements.

There's a difference between a rah rah rally & one that actually brings about solutions, new candidates, teaches the constitution, new voter registration, poll watchers, street teams, plan of action...

The FBI is no longer fit for purpose and should be disbanded. State and local law enforcement agencies handle their own matters. We have specialized federal agencies for guns, drugs, human trafficking, terrorism, fugitives, money laundering, counterfeiting, etc. FBI is useless.

We the people have already paid for part of the wall thats laying on the ground when workers were forced to walk off the job by the current administration
Put up the wall we paid for and then finish the rest of it, all of it.
Ps. Close the border!
Stop human trafficking!

Trump will be reinstated in Jan 2022. He'll finish out those 2 years and then run

I find this concept really interesting - that true belief in god absolves you of a fear that will rule your life. You still feel fear, but YOU own the fear. The fear doesn't own you. Is that how you see it @RealMattCouch? I'm not a Christian so I might b grasping at straws here.

It is a crime in Florida - a very serious one - to drive your car into a parade. It is not a crime to drive through a violent mob that has surrounded your car and puts you and your family in grave danger. Can we distinguish "parade" from "violent mob?" Florida law certainly does.

Looks like the Biden Administration is going to try to cancel your Fourth of July BBQ's... They won't meet their goal of having 70% of the country partially vaccinated..

A former Russian deputy minister of energy, Sergey Abyshev, confirmed his interactions with Steele dossier source Igor Danchenko. I reported on Abyshev last year. He met with Danchnko days before the first dossier memo.
